

Spring 2025
POST TO HOST

May 31st, 5pm to 8pm

**"You're invited to
PARTY WITH PURPOSE
for horses who build futures for
kids who face challenges."**

Larry and Jimi Reece

When **Larry and Jimi Reece** agreed to host this year's Turning Point Stakes Party, we never dreamed they'd actually GO to the Kentucky Derby to make sure they had the vibe right!

Come see the results on May 31st. And you can make a real difference for kids facing physical, mental, emotional and socio economic challenges at the same time!

You'll also have a great time with food fit for the winner's circle and lively ways to boost horses. Tickets are going fast! Get yours today

BREAKING NEWS!!!!

WE WERE Gob-SMAC'd

SMAC Leaders ran in with banners and will begin raising funds in August. They will be supporting a new SMAC Leadership Development Program at Turning Point and more,

We knew Turning Point was a finalist to become the 2025-26 SMAC beneficiary. But we were **stunned** when an additional meeting on financials was actually the surprise announcement Turning Point had been selected.

SMAC - Stillwater Makes a Change- is a student-led program at the High School to support local non-profits.

We are excited to partner with SMAC to tell the Turning Point story.

FROM THE EXECUTIVE DIRECTOR:

YOU make the FUTURE BRIGHT at Turning Point!

Rachel Royston

Certified Instructor,
ESMHL, Mentor

Director, Oklahoma
Special Olympics
Equestrian

Over the past 25 years, **YOU** have been behind the miracles of riders saying their first words on horseback, learning to walk after riding, finding a way to ask for what they really need and building the confidence to attempt what seems impossible.

The riders, seniors and families Turning Point serves face challenges every single day and display incredible courage and determination to do even the smallest things you take for granted. And they don't give up!

Sometimes they need help and that is where YOU step up. Whether you support them with donations, by volunteering your time or lending expertise in adapted riding, you are making an impact in their lives.

Don't give up. Join Turning Point's determination to provide services available nowhere else to people who need them for the NEXT 25 years! THANK YOU for your commitment. Please continue to invest in these remarkable lives.

Futures are riding on your support.

A FOREVER HOME for Cutie & Robert

Robert has been longing for a horse of his own. His parents have been searching for the right one.

This Spring at Turning Point, serendipity hit! Robert and Cutie struck up quite a partnership in class.. Then we realized Cutie needed to retire.

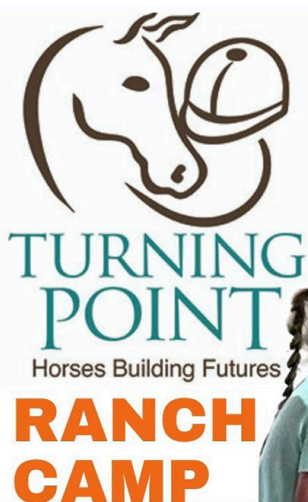

The retirement of a Turning Point horse is serious business here. No horse is sent to retirement except to the perfect home. We are so grateful to Robert's family for adding Cutie to theirs.

Everyone was in on the secret except Robert. In the top picture you can see how overwhelmed he was to learn Cutie was now his!

Congratulations to both Cutie and Robert for building another happy horse story at Turning Point.

RANCH CAMP IS BACK & BIGGER!

[Register Now!](#)

THREE Weeks in June!
Choose 1 or all 3

Ranch Camp Week was so popular last year that it's been expanded to **THREE** weeks this year: Tuesdays and Wednesdays June.

And each week will be different for campers who want to come more than once. STEM, reading, running and Ranch chores are on the menu.

Campers are grouped by age and there are plenty of activities for boys too. (The expressions on the faces of the girls from last year were just too good not to share) It really is that much fun!

HorseTales Literacy Makes Reading Fun: Again

First Graders from Highland Park and Will Rogers swarmed the Ranch again in April---the 16th year. They read to horses and generally learned and loved horses in a power packed field trip

VOLUNTEER SPOTLIGHT:

Shannon Cowan is a Fisher Provence realtor in "real life" but on Tuesdays she's a loyal Feed Team member. And if Buddy goes to a school or Legacy, Shannon is Buddy's buddy.

STEWARDSHIP

Managing a herd, 22-acre facility and ever increasing budget is an ongoing challenge for the Turning Point Board. The certifications below ensure that happens at the highest standard!
